Spring Summer

# FACTORY PROFILE

## CERTIFICATE

Our factory products have passed USA and European quality standard such as:CE EN71 PART 1,2,3, N13613, ROHS. The materials have passed USA and European Lead 6P(Phthalates Free)Standard.

## OUR HISTORY

Our team as an indepth 20 years experience in the market which has given us a long term perspective of the retail market trends and has allowed us to see the consumer and the retailer point of view.

## OUR PROFILE

We are a professional & successful company which specialized in outdoor sports. We have own design and brand-DISPLAY. We are one of the largest skateboard factories in China.

## OUR TARGET

To provide the good quality and service for every customer, and aiming to achieve win-win business with all of our partners and customers.

**SINCE 1997**

# TESTING EQUIPMENT

Balance test / Load bearing test / Quality test  
Spring test / Safety test

Professional & Multi-function testing equipment;  
Essential & Strict testing before delivery;

# CERTIFICATE

**1997** year

has a history dating back to 1991. Starting with David Huang. At that time our factory only have 800 square meters of workshops and 5 workers. Just focus on the skateboard.

**2008** year

We move to the 2,000 square meters with 3 main workshops. skateboard very popular all over the world during 1998-2008. Mr Huang don't participate in price war at all, but focus on high-quality from 1st step. WXBC quality gains good fame, and helps it win good reputation in Trade company Good business, Good future.

**2020** year

has been a multiple-producing factory which is specialized in producing sports & leisure activities. Our factory has 10,000 square meters of workshops with 10 main workshops including: Mould tooling shop, Plastic injection, Assembly line, Sewing, Printing..... We are aiming at Win-Win business with all of our partners and customers.

# KICK SCOOTER

A man with a beard and sunglasses is riding a white kick scooter on a paved street. He is wearing a dark jacket, a red and black plaid shirt, dark pants, and white sneakers. The background shows a blurred city street with trees and buildings. A large white diagonal line separates the text on the left from the image on the right.

# FACTORY PROFILE

Our factory is located in Jinhua, covering an area of 20,000 square meters, with more than 150 employees and well-equipped automatic machines. Besides, our factory has passed BSCI Audit. We have several production lines including mental, cutting, sewing and packing, each line occupied with excellent quality controller. All of our products comply with GS and CE certifications, and we export more than USD 20,000,000 to Eastern Asia, South America, Eastern Europe, Western Europe, Mid East, Western Europe and Northern Europe every year. We have built a long-term cooperation relationship with our customers.

“Let people enjoy happy life and keep health” is the original intention and future mission of MU. We insist that provide high quality products and superior service as the cornerstone of company, while we are also striving to meet special requirements of different customers, and aimed at creating healthy, safe and fashionable products for all people.

We sincerely expect new and old customers both from domestic and abroad to visit our company and establish long-term cooperative relationship with us!

## FACTORY WORKSHOP

Let people enjoy  
and keep health.
